

Asunción, July 2018.

Dear Guest,

Welcome to our website !!!

The "Santa Apolonia" Foundation for the Development of Education was created through the approval of the Government of Paraguay, to operate as a "Private University". The Universidad Autónoma del Paraguay, offers several careers being the first, the College of Dentistry "Pierre Fauchard", recognized by the Government on June 17th, 1992.

All the people who make part of our University commit themselves to faithfully follow its purposes, goals and objectives. The University has three buildings of its own; and we can mention with great pride its clinical rooms, classrooms, laboratories, operating rooms, modern library and other areas that aim to satisfy the requirements of its students, in order to reach high standards of educational quality.

If you need more information about our University, do not hesitate to contact us at:
